

kea /HL-PRJPQ-1027

- Led projector luminaire with symmetrical light output.
- Corrosion resistant aluminum injection housing.
- It has a bracket mounting system.
- 220-240V / 50-60Hz energy input.
- Smart cooling design with internal cooling pins.
- Narrow, medium, wide, very wide and oval angle options are available.
- Illumination is provided up to 20 meters high.
- IP protection is ensured with silicone gaskets.
- All external screws are stainless steel.
- Corrosion and salt resistant thanks to double layer polyester powder coating.

LED POWER	9W
SYSTEM POWER	10W
Color Temperature	2700K-3000K
IP	67
Luminous Flux	1100LM-1650LM
Voltage	48vdc / 220vac
Digital Interface	Standard DMX protocol
Light Angle	10° -25° 40°
Size	90*330mm
warranty	5 years
